REPORT FROM OUR DIRECTOR GENERAL

Kandy Mackey

Good evening,

I don't have a report this evening, but I would like to share a brief highlight from this past week.

The Director Generals of the School Boards and Service Centres had the privilege of virtually meeting our new Minister of Education, Joel Arseneau. We each had an opportunity to introduce our organization in just a few words.

To describe the ETSB, I chose four key terms: bilingualism, inclusion, community, and a human-centred student-focused approach. These reflect who we are, what we value, and how we strive to support our students and communities.

I also took the opportunity to invite the Minister to visit ETSB as he begins visiting schools and centres across the province. We would be delighted to welcome him and showcase the great work taking place across ETSB, some wonderful examples of which we had the pleasure of celebrating through our Recognition of Excellence this evening.
