

Introduction of Myself

My name is Guillermo Garza and I am writing to tell you a little about myself. I was born in Monterrey, Mexico. I have two sisters, one is 20 years old and the other one is 15 years old. My dad's name is Guillermo Garza, same as me, and he is a realtor. My mom's name is Cecilia Torres and she works as a teacher. I decided to come to Canada to improve my English and my French, and to have a new experience and have fun too.

Me and my cousin

My favorite subjects are Math, because it is very easy for me, and maybe Chemistry. I like to play basketball, go hiking, and take part in outdoor activities. My favorite food, in Mexico, is tacos and here, in Canada, it is chicken and spaghetti. I like to listen to music, be with my family, and hang out with friends.

I'm not sure what I would like to study, but I think I would like to be an architect or engineer. My host family is very nice with me and I like Canada's environment.

Thank you,

Guillermo Garza
