

Introduction of Myself

My name is Karen Fernandez de Lara Chavez and I am writing to tell you a little about myself. I was born in Cd. Juarez, a city in Mexico and now I live in Monterrey. I have a younger sister who is 13, my dad works at Coca Cola, and my mom just works at home.

I love to play basketball, soccer, and I am on the track team. I came to Canada to practice my English, to increase my French skills, and to have a great time. My favorite subjects are History and Geography and I just love spending time with my friends and family. ☺

Sincerely,

Karen Fernandez
