

## Introduction of myself

My name is Keren He and I am writing to tell you a little bit about myself. I was born in Hangzhou, a city located in China. My parents chose my name because it represents a lovely girl. I live with my parents and my favorite pastime is having a Spring Festival party with my whole family. At home I eat Sichuan food. The food item I enjoy the most in Canada are cookies. My favorite subjects are math, physics, and art. I enjoy pop music. My career plan is to be a teacher or a doctor.

Thank you
