

## Introduction of myself

My name is Luis and I am writing to tell you a little bit about myself. I was born in Cd. Victoria, a city located in Mexico. My parents chose my name because it represents my dad's name.

My family is made up of my dad call Luis like me, mom call Gabriela, and my brother Gerardo. My favourite past times are playing Xbox, football, basketball, going to the gym, swimming and going to my friend' house

In Mexico I love to eat tacos, enchiladas, and quesadillas. In Canada I love Poutine and Beaver Tails. My favourite music is pop rap music I really like every type of music. I don't have a favourite type of music. My favourite subject is science. I love making new stuff. Actually my career plan is to be doctor like my dad because I would like to save lives and change people's lives

Thank you!

*Luis*
