

## Introduction of myself

Hey, everyone.

I am here to tell you a bit about myself. I am Mexican and live in Monterrey, a city in the north of the country. I have a little brother who I adore and my family is very close.

I love everything related to art, fashion and photography. I am planning to be a magazine editor or a fashion designer, I am not sure yet.

My favorite colour, since forever, is pink, and I love Japanese and French food.

Finally, my favorite classes would be Literature, Fashion and French. I came to Canada to improve my French and to speak English. Since I arrived I have had a

lot of amazing experiences and so far I am loving the country.

Love,

*Mariana*
