

Dear Elly

*I would not like it
If someone would have
Come and knocked at my door
And would have pulled me
Away by the hair,
And taken me away.*

*I would want to stay
With my family,
And not see my mother
And brother go another way,*

*I would not want to
Have gone through
What you did,*

*And not be like you
In a concentration camp,
With no family members,*

*I think you are very
Powerful,*

*Your story will
Not be forgotten.*
